AYURVEDIC CUISINE

One of the three pillars of treatment in Ayurvedic medicine is nutrition. That is exactly why our restaurant GREGOR | 1926 also serves Ayurvedic meals. The purely vegetarian meals are prepared according to strict guidelines. The basis of our dishes are regional products in combination with ingredients from the Ayurvedic country of origin: India. Our team is also happy to accommodate your individual wishes, as long as they do not fundamentally contradict the treatment plan.

Have we aroused your interest in Ayurveda? At Kunzmann's it is also possible to book Ayurvedic full board without taking part in Ayurvedic treatments. This includes breakfast, lunch and dinner.

BEEF

At GREGOR | 1926 we attach great importance to regional and high-quality food. Therefore, we obtain our beef directly from Edgar Thomas and his Scottish Highland cattle from the surrounding meadows of Bad Bocklet.

**KUNZMANN'S
AYURVEDA**

Swimming AND AYURVEDA

For the safety of our guests, our swimming pool and whirlpool water is treated by ultrafiltration practically free of pathogens, so that our guests can swim carefree at any time.

The ultrafiltration of the water is a highly sensitive process, which is disturbed by the Ayurvedic oils and irreparably destroys plant technology.

Therefore, we ask you to pay close attention to the following after an oil treatment and before a possible visit to the swimming pool:

- + Never go into the swimming pool directly after an oil treatment
- + Remove all oil residues after the soaking and relaxation phase
- + Clean yourself thoroughly before going into the pool
- + Please avoid contact with clothing and other materials after Ayurvedic treatment with oil

Thank you for your support!

have any questions or are in need of further information, please contact our staff at the Ayurveda reception!

AYURVEDA DIAGNOSTICS

A successful Ayurvedic treatment requires a precise diagnosis. The diagnosis is mainly about your individual type determination, the discussion of the personal health questionnaire with recommendation of individual treatments, as well as a type-appropriate diet and a lifestyle change of the patient. Our Indian doctors will address the points above together with you during the initial medical consultation.

AYURVEDA DOCTORS

In addition to our therapists, two specially trained Ayurvedic doctors also work with us at Kunzmann's Hotel! The two have completed their studies in India and are now bringing the authentic Ayurvedic medicine to us in Germany, according to the principles of the Madukkakuzhy family, which have been passed down over eight generations.

AYURVEDA DRINKS

If you get thirsty before or during the treatment, water is always available at our Ayurveda reception. Furthermore, you can get ginger water and tea in our restaurant GREGOR | 1926.

AYURVEDA MADUKKAKUZH

Dr. Jobin Joy Madukkakuzhy's family has been passionately practicing the traditional healing art of Ayurveda in Kerala (Southwest India) for eight generations. For Dr. Jobin and his family, helping and bringing healing to people with illnesses is a matter of the heart. To achieve this, they use both the traditional knowledge and formulas of their ancestors, as well as the most modern technology, and produce most of their medicine themselves under strict, externally controlled quality standards.

AYURVEDA MANTRA CHANTING

Twice a week you have the opportunity to participate in a joint mantra chanting. For more detailed information, please refer to the daily mail or contact our reception.

AYURVEDA MEDICINE

Ayurveda has been the traditional Indian system of medicine for over 5,000 years and still provides primary care for over 1.3 billion people on the Indian subcontinent.

Ayurveda considers the human being in the entirety of their physical and mental constitution and their social environment.

A distinction is made between three main energy types, called doshas. Each of the three doshas, which roughly translates as „constitution“, is distinguished from the other two by an individual diet and therapy.

A person is healthy when they eat and live according to their dosha. If they permanently disregard basic rules, disturbances and waste products develop in the body and, in the course of time, chronic diseases. In Ayurvedic medicine, therefore, the causes of a disease are treated and remedied, not the symptoms fought.

Here at Kunzmann's Hotel, in cooperation with the Ayurveda Center Germany, you have the opportunity to get a taste of Ayurvedic medicine or even participate in Ayurveda treatments over several days. You can find further information in our Ayurveda brochure or at the reception.

AYURVEDA MEDITATION

One of the three pillars of Ayurveda is yoga and meditation. Therefore, we regularly offer guided meditations for an additional charge. You can find the dates in our daily mail. We ask for your understanding that we cannot give a blanket answer about the availability of our courses, as it always depends on the availability of the room and the trainers.

In addition, we offer mantra chanting twice a week for those interested.

You would like to meditate alone and undisturbed? Then you are welcome to use our Stellberg room (yoga room) (depending on availability), as well as the space around our house pond or a spot in the park, if the weather is nice. Our reception team will be happy to provide you with information about the availability of our yoga room.

AYURVEDA NATURAL REMEDIES

In Ayurvedic medicine, many exotic spices such as turmeric, cinnamon and cardamom, as well as medicinal herbs, plants and minerals are used as dietary supplements according to ancient recipes. Chemically produced medicines are not used.

AYURVEDA NUTRITION

Of course, we also count two Ayurvedic chefs among our team, after all, one of the three pillars of Ayurvedic medicine is nutrition.

Therefore purely vegetarian meals are prepared fresh in our kitchen according to Ayurvedic guidelines daily. In order to achieve the best possible results from your diet, we rely on a fixed menu plan, which was created together with our Ayurvedic doctors and is adjusted daily to the needs of the treatment. As raw materials we use regional quality combined with ingredients from the Ayurvedic country of origin, India. In addition, we also cater to individual wishes during your stay, as long as they do not largely contradict the treatment plan.

AYURVEDA OILS

For our famous oil massages and the „royal forehead casting Shirodhara“ we exclusively use oils that are suitable for the relevant dosha type, which we produce ourselves in elaborate processes under externally controlled quality standards at our headquarters in India and import to Bad Bocklet.

AYURVEDA PRICES

You will find a list for the individual prices of the Ayurveda treatments in our Ayurveda brochure in your room. If you have any further questions or uncertainties, please do not hesitate to contact our staff.

A definitely unique selling point in our hotel: Our Ayurvedic treatments are led by our six-member Indian team. This consists of our charming Ayurveda specialists, who work according to the principle of the Madukkakuzhy family! You can recognize our therapists by their traditional Indian clothing.

AYURVEDA TREATMENTS

In the Ayurveda brochure in your room you will find a detailed description of the treatments offered. Our offer ranges from a treatment to get to know the practice, to the Ayurvedic Panchakarma treatment. For organizational reasons, we ask you to inform us of your treatment wishes when you make your room reservation or before your arrival. Please understand that treatment requests that are only expressed on site can unfortunately not always be fulfilled due to availability.

AYURVEDA TREATMENT ROOMS

The Ayurveda center of our hotel, with a total of five treatment rooms, is located both on the first and second floor above the Kunzmann's spa. But don't worry! All rooms are well signposted so you can easily find them without a long search.

Alone or under guidance, indoors or in the great outdoors - the choice is yours! Every day we offer free yoga classes under the guidance of an instructor. You can find the times for these in your current daily mail. Please note that the number of participants is limited. So if you are interested, do not hesitate too long. It does not matter if you are a professional or a beginner!

As an Ayurveda guest, participation has already been planned for you as part of your Ayurveda treatment. If you are prevented from attending and cannot participate, please cancel in good time.

You would like to do yoga outside of our offered courses? Our hotel garden around the pond, the terrace in front of the yoga room, and the adjacent park offer the perfect opportunity.
